

## **Professional Ethics (HUM 292)**

Professional ethics is a set of standards adopted by a professional community. Professional ethics are regulated

by standards, which are often referred to as codes of ethics.

The code of ethics is very important because it gives us boundaries that we have to stay within in our

Professional careers. The one problem with the code of ethics is that we can't always have the answers black and white. Sometimes there are grey areas where the answers aren't so simple. Professional ethics are also known as Ethical Business Practices.
